Pantelis Sklias (1969) is a Professor of International Relations and International Political Economy (IPE) and since September 2018 Rector of the University. He also taught in the Department of International and European Studies – University of Macedonia (visiting lecturer) – the Department of International Economic Relations and Development – Democritus University of Thrace, Visiting lecturer and Assistant Professor from 2002-2007 – and the Hellenic Open University – 2002 until today – . He graduated (1990) from the Department of International Relations of Panteion University in Athens. He was awarded both his MA in International Relations (1991) and his Ph.D. in International Relations and IPE (1998) from the University of Sussex (UK). He accomplished (2000) his post doctorate thesis at the Hellenic Center of Political Research of Panteion University with a fellowship from the State Fellowship Foundation. His post doctoral research topic is “The IPE of the relations between the EU and the countries of Central and Eastern Europe and the ex-Soviet Union”. From 1999 until 2002 he has been a Visiting Research Fellow of the Postgraduate Center for Culture, Development and the Environment (CDE) of the University of Sussex. He was the Chairman (2013-2017) of the Department of Political Science and International Relations at the University of the Peloponnese and Vice Chairman of the Special Research Committee of the University. He served (2016-2018) as a member of the Board of the Cyprus Agency of Quality Assurance and Accreditation in Higher Education (DI.P.A.E.). In the academic year 2017-2018 he was the Dean of the School of Security and Global Studies at the American University in the Emirates in Dubai.

RESEARCH INTERESTS

His research interests include the study of international economic and political relations in the light of the international political economy, the dynamic development of the relationship between the state and the market, the role of different economic and political factors in the formation of power relations in the international system and the political economy of national security. In this context, he has completed eight (8) doctoral theses and has published a scientific work that is referenced by both the domestic and the international scientific community.
